

November 2020 Covid 19 newsletter

Keep Covid Out!

Thank you

As we enter England's second national lockdown, we would like to say thank you to all our parents and families for their continued support.

**Please help us keep Covid 19 out of Park End Primary School by
NOT sending your child to school if:**

- * Your child is being tested for Covid 19 and you are waiting for the results

- * Anyone in your household or support bubble are being tested for Covid 19 and are waiting for the results

- * Your child has Covid 19 symptoms

- * Anyone in your household or support bubble has Covid 19 symptoms (please see reverse for list of symptoms)

- * Your child is unwell

- * You, or someone in your household/support bubble, are unwell

The main symptoms of coronavirus are:

- **a high temperature** – this means you feel hot to touch on your chest or back (you do not need to measure your temperature)
- **a new, continuous cough** – this means coughing a lot for more than an hour, or 3 or more coughing episodes in 24 hours (if you usually have a cough, it may be worse than usual)
- **a loss or change to your sense of smell or taste** – this means you've noticed you cannot smell or taste anything, or things smell or taste different to normal

Face coverings

We would like to say thank you to all parents, carers and family members who have helped keep our families, children and staff safe by wearing a face covering when dropping off and collecting children from school.

NOTICE

Please wear

A face covering
