I am a good listener

What is important to me?

My friends and family
My cat called Maisy
Doing sports, such as running.
I love shopping.

I would like to get better at...
Cooking Running Reading

What is my Job?

I am a Trainee Educational Psychologist, but you can call me Alex.

I work with young people to see if I can help with things that they may find difficult or upsetting about school.

What happens when I come to see you...

I may come into school with you and work with you in a quiet space.
I will introduce myself and ask you a little bit about yourself.
We may talk about things that you like/enjoy about school as well as the things that you don't like, enjoy or find difficult in school. I am here to help you by working with you and the adults around you with your learning and wellbeing.
We might do some activities together, but you do not have to do anything if you do not wish to – just let me know.
After I have met with you, I might share some of the information with your parents and school staff, but I will ask you if this is okay.
If you have any questions, let me know and I can try to answer them.
