

What is my job?

I am a trainee Educational Psychologist. I work with children, like you, to find out some of the things you are good at and some of the things you may find difficult in school. To do this, I would like to talk to you, your family, teachers and adults who know about your learning and wellbeing in school.

I like to ask questions. Some of the things I might ask are about school, what you like or don't like, your feelings, your future, and things that are important to you. This helps me to understand more about what school is like for you. It also helps me to support the adults who know you best with your learning and wellbeing.

Hello, my name is
Karen

Karen Taylor
Trainee Educational
Psychologist

What happens next?

When we meet, I will introduce myself and explain what we will do together. I will keep checking in with you to make sure you are happy to continue. You can ask me questions. You may want to write these down, or ask someone to write them for you. I will do my best to answer these for you.

What we might do together?

Activities

Talk

I might see what it is like
in your classroom.

Play some games

Questionnaires

Draw

What happens if you don't work with me?

That's ok. You don't have to meet with me if you don't want to. When you meet me, you can stop and leave anytime you want to. We will only meet and do as much as you would like to.

A bit about me:

What is important to me?

- My family and friends
- My dog, Oona
- Helping people
- Spending time with family

I want to get better at:

- Walking more often
- Reading

People describe me as:

- Kind, caring and happy

Meet, Oona, my pet English
Bulldog. She follows me
everywhere and loves to sit
on my shoulder sometimes!
