

PARK END PRIMARY SCHOOL NEWSLETTER

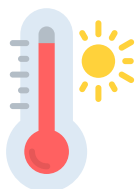

June
2026

HOT WEATHER

As you are aware the weather forecast is showing that we are expecting some high temperatures, lots of sunshine and a possible heatwave.

Please read the information to find out the measures school are taking to support your child during this period.

CLASSROOMS

We are lucky to have some classrooms who have air conditioning. Other classrooms without air conditioning will have windows and doors open to maintain an air flow. There will also be fans available in these rooms. Children will have access to cold water throughout the day.

PLAYTIMES & LUNCHTIMES

We understand that some children will want to go outside at playtime & lunchtime. Outdoors times will also be monitored by staff and the amount of time will be reduced as necessary.

We will have indoor classrooms available to support children who would prefer to stay inside in the cool.

HATS, CAPS & JUMPERS

Please send your child to school with a sun hat/ cap so that they can wear them if/when they go outside. Remember to put their name on the cap. Jumpers are not required during the hot weather to prevent overheating - especially for Year 6 with their leavers hoodies.

SUN CREAM

Please apply sun cream to your child before arriving at school. You may also send in a bottle of sun cream with your child's name on so that they are able to reapply it in school as required.

If your child is unable to self administer sun cream, and you wish for a member of staff to apply it, you will need to complete a consent form which is available from the office or send an email to contact@parkendprimary.co.uk confirming that a staff member can apply sun cream, ensuring that you also name the child and class.
